Reference: Docket Number 94P-0036

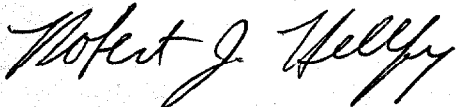

To Whom It May Concern:

It is my understanding is that docket number 94P-0036 would require that trans-fat content in foods be listed on labels alongside saturated fat. According to medical authorities trans fats are even more damaging to our health than saturated fats.

The purpose of my letter is to indicate to you that I am strongly in favor of making this proposition to add the trans-fat content a mandatory requirement on ALL food labels as soon as feasible.

Thank you for consideration of my letter. Your sharing of any additional information on this matter would be appreciated.

Sincerely,

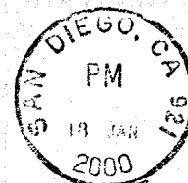

Robert J. Bellfy
